

# Planmeca high-tech dental units

## Enjoy the smartest user experience

ENGLISH

PLANMECA

# One interface. True intelligence.

## Touch panel as a mouse

- GUI can be flexibly used as a mouse
- Chairside computer or tablet device can be controlled from the touchpad
- No extra mouse needed

## Extra user interface with tablet

- For iOS and Android tablets and smartphones
- Provides dental assistant with optimal access

## Fully customisable

- Own language
- Own name
- Own theme colour
- Own settings
- **Own choice**

## Personal settings by flashing a contactless card

- Customisable user settings
  - Dentist settings
  - Assistant settings
  - Implant settings
  - Endodontic settings
  - **Whatever users want to create**

## Maintenance indicator

- The unit indicates when maintenance is due – allowing full concentration on work

## Care-free infection control

- Easy to perform, simple to follow from the touch panel
- Automated flushing cycles
- Latest cycle information for quality assurance

## Planmeca PlanScan® intraoral scanner

- The scanner is used just like any other instrument

## Planmeca Romexis® Clinic Management

- Real-time information and monitoring of Planmeca equipment
- Personal settings accessed via Planmeca Romexis®

# Different units – same intuitive interface

*Planmeca digital dental units are a joy to use. Their interactive interface gives you complete control over all settings, enabling full focus on treatment. You can upload your personal settings to different Planmeca dental units with a simple swipe of a card to discover the freedom of a customised intelligent workflow.*
